

## A new version of the School Deets app is here!

Make sure to update the School Deets app on your iPhone or Android. The updated app will feature:

- Improved push notifications
- School resources unique to your child's school
- Red badge improvements

### STEP-BY-STEP TO UPDATE YOUR APP:

#### On an iPhone:

1. Open the app store.
2. Tap **updates** at the bottom right hand corner.
3. Find the School Deets app icon and press **update** next to it.

#### On an Android:

1. Go to your Home screen by pressing the Home button of your Android device.
2. Click on your Google Play Store.
3. View all your apps in Google Play. Open the Google Play Store Menu by tapping the icon with 3 dots. Select **My Apps** from the options to view all the apps you downloaded from Google Play.
4. Find the School Deets app icon and press **update** next to it.

After the app is updated you will be directed to login to your account. Use the email and password that you chose when setting up your account.

---

### TROUBLESHOOTING:

**Did you forget your email login?** *Contact [help@schooldeets.com](mailto:help@schooldeets.com) if you forgot the email you used to set up your account.*

**Did you forget your password?** *Please use the password recovery button at the bottom of the page to get your password emailed to you*

If you are having any additional problems, please contact us at [help@schooldeets.com](mailto:help@schooldeets.com)

Thank you!
